MC+

MC+ refers to the statewide medical assistance program for low-income families, pregnant women and children. MC+ recipients receive their care through *either* the Fee-for-Service (FFS) delivery system or the Managed Care delivery system, depending on where the individual lives in Missouri (see chart below).

Individuals in ME categories that pertain to the blind, pregnant, and children receive a full comprehensive package including primary, acute and preventive care, hospital care, dental, prescriptions, and vision. Refer to the listings below to determine the benefit package for each ME code.

MC+ FFS program serves recipients not enrolled in MC+ Managed Care, and provides some services not included in MC+ Managed Care. All of Missouri's Medicaid providers are automatically enrolled as approved providers eligible to treat MC+ FFS recipients. MC+ FFS recipients may freely choose which approved provider they go to for care under the MC+ FFS delivery system.

MC+ Managed Care serves MC+ Managed Care members in 37 counties of Missouri. MC+ Managed Care members must select a managed care plan and a primary care provider (PCP) within the plan. That provider may refer the member to other providers based on care needed. Providers must be in the MC+ Managed Care health plan network.

MC+ Managed Care members may be seen by any MC+ FFS provider until the member is effective in an MC+ Managed Care plan. Providers can determine whether members are covered by MC+ Managed Care or MC+ FFS by swiping the red MC+ card, calling the Interactive Voice System (IVR) at 573-635-8908 and using option "1" or through the internet at www.emomed.com. The ME codes included in the MC+ program are listed below.
